DETAILED ACTION

This Office Action is in response to Election Amendment file on 11 13 2002.

Claims 1-10 and 21-26 have been cancelled.

Claims 31-45 are newly added.

Claims 11-20 and 26-45 are pending in the present application at the time of examination.

Election/Restrictions

Claims 11-20 and 26-45 are pending in this application.

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I. Claims 16- 20, drawn to an apparatus, classified in class 261.

Group II. Claims, drawn to process of making a semiconductor device, classified in class 438, and subclass 3.

2. The inventions are distinct, each from the other because of the following reasons: Inventions II and I are related as process of making and apparatus for its practice. The inventions are distinct if it can be shown that either: (1) the process as claimed can be practiced by another materially different apparatus or by hand, or (2) the apparatus as claimed can be used to practice another and materially different process. (MPEP § 806.05(e)). In the instance case unpatentabilities of the group I invention would not necessarily imply unpatentability of the group II invention, since the apparatus of the group I invention can be used to deposit a protective insulating layer on the body.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, the fields of search are not co-extensive. Therefore, separate examination would be required and restriction for examination purposes as indicated is proper.
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a diligently filed petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(h).
5. Any inquiry concerning this communication on earlier communications from the examiner should be directed to Dung A. Le whose telephone number is (703) 306- 5797.
